

MECHANICAL ENGINEERING

PLANT MAINTENANCE SERVICES

Orac Systems offers **Engineering Maintenance Services, Predictive/Preventive Building Maintenance, and Capital Planning** to enable practical and effective asset management partnerships. We have a highly qualified team of mechanical personnel who have vast experience and expertise in different industrial and mining environments. **Orac Systems** has been involved in some of the key companies in Zimbabwe such as Zimplats, Mimosa, Unki, Metallon Gold, Lafarge Zimbabwe and many more.

With our full-service industrial and mining process maintenance agreement, we can take over complete and total responsibility for the engineering, planning, and executing of your plant's maintenance tasks whilst you concentrate on your core business.

By bringing together top-class expertise and process maintenance and reliability methodologies. **Orac Systems** increases asset effectiveness while keeping tight control of costs.
